

GUIDE TO THE SUPERIOR HIKING TRAIL 8th EDITION ERRATA

Updated 1/4/18

Pages 32–37:

- In **Fond du Lac**, the Mission Creek spur trail's reopening has been postponed. In the meantime, hikers may use a multi-use spur trail from Fond du Lac up to the main SHT.

Pages 44-45:

- The **Spirit Mountain Loop** now connects the Spirit Mountain Campground and the Spirit Mountain Trailhead parking lot.

Pages 105-108:

- **Gooseberry Re-route:** SHTA will *not* be opening the Gooseberry Re-route in the near future. We ran into wetlands issues that need to be resolved. This will take time, effort, and funding.

Page 145:

- The spur trail to the overlook in **Crosby-Manitou State Park** has remained on our map network in error. It has not been cleared for years. We hope to officially re-open the spur trail at some point in the upcoming years, but for now it should be considered closed.
